

**Is there a role for nuclear  
in the future energy  
system?**

**- Energiforsk annual  
nuclear conference 2016**

Monika Adsten, Energiforsk

- Facilitating research within electricity, heat and gas
  - Utilities/industry/researchers/consultants
  - Initiation
  - Follow up
  - Communication
- Seminars
- Expert services
- Funding activity by activity with strong involvement from the financiers

# Nuclear portfolio

Concrete

COMRADE – Acceptance  
criteria polymeric materials

Vibrations

ENSRIC – Safety  
related I&C systems.

Strategic  
Monitoring

GINO – Grid interference  
on nuclear operations

# NEPPP

north european power perspectives
